1900 Update on league account. \$25,661.53

Baseballs have been ordered

Locks on blue container equipment room and supply shed all share the same key. Snack Shack and garage door for Lawnmower will have separate key's. All Executive Board members will have keys to all.

Met with JH Landscaping and overhaul of American League will take place next week with a resurface of National. All Fields will be 46'60 and 50'70 . JH will also straighten out poles for batting cages which he stated is a priority as one of the poles has electric hooked up to it. Will add stone dust to mound areas near cages and dress it up. Total Price is \$4500.00. Also gave me a price if needed of \$2000.00 to use recycled asphalt to redo the entire parking area up to the batting cages. We will revisit that later.

Will order three small field drags at approximately 100.00 a piece. to be stored at each field and locked to fence area. This is being done to preserve our field drags as they are getting destroyed due to being slammed in the gator everyday. Also agreed to order a set of umpiring gear as agreed upon with Derek Quigley. Also will order insert mounds for American and National.

Will go with Todd Costa in the next few days to order mound clay , Lime. Fertilizer.
